

Material Safety Data Sheet

Doc. No.	Revision	Issued	Material
MSDS-AOT-PM-001	00	01.03.2022	AOT-1001 – POULTRY MEAL

SECTION 1 - GENERAL INFORMATION

Product Name: Poultry Meal

Manufactured in: Kingdom of Saudi Arabia

All raw materials are processed fresh and come from a single source which is ISO 22000 certified.

SECTION 2 - HAZARDOUS INGREDIENTS

Hazardous Components: None

Substance: Dehydrated Poultry Byproducts

CAS No: Not Applicable

Chemical Family Protein supplement with associated fatty components

Components: Dehydrated poultry protein, meat, and bones

SECTION 3 - PHYSICAL/CHEMICAL PROPERTIES

Appearance/Odor: Yellow to dark brown color, characteristic odor

Boiling Point: Decomposes

Density (kg/m³): 600 to 800

Melting Point: Decomposes

Evaporation Rate: 0

Solubility in Water: Insoluble

SECTION 4 - FIRE AND EXPLOSION HAZARD DATA

Flash Point: 237°C (fat content only) Extinguishing Media: Type Foam, A, or B

Special Fire Fighting Procedures: None

Unusual Fire/Explosion Hazards: Considered combustible that may burn when in contact with fire.

SECTION 5 - STABILITY AND REACTIVITY

Reactivity: Stable

Conditions to Avoid: None

Incompatibility (Materials to Avoid): None

Hazardous Decomposition or By-Products: None Hazardous Polymerization: Will not Occur.

**SECTION 6 - HEALTH HAZARD DATA**

Inhalation: Not Applicable

Skin Contact: Not Applicable

Eye Contact: Not Applicable

Ingestion: Not Applicable

Emergency and First Aid Procedures: Wash well with water, treat for possible heat burns.

OSHA Regulated: No

SECTION 7 - PRECAUTIONS FOR SAFE HANDLING AND USE

Steps to be taken in case material is released or spilled: Sweep up spilled meal and dispose of in sanitary landfill.

Waste Disposal Method: Send to sanitary landfill or in accordance to governing local regulation. Precautions to be taken in handling and storage:

When in contact with hands, wash hands with soap and plenty of water.

Store in a clean, dry, and ventilated place.

Other Precautions: None

Transport Information:

Transport and store under cover to avoid getting the product wet. Rain will wreck the product. During transport and handling, keep ventilated and away from fire sources.

Package:

Contained in bulk jumbo bags (700 kg – 800kg).

Special samples are contained in sterile air-tight sample containers or bags.

Temperature requirement:

Non-critical & non-reactive to temperature, but do not keep under extreme direct sunlight

Recommended transportation and storage at ambient temperature.

SECTION 8 - CONTROL MEASURES

Respiratory Protection: None

Ventilation: Ventilate storage area.

Personal Protective Equipment's: Gloves, Eye Protection, Normal Clothing.

Work/Hygiene Practice: Observe good housekeeping and hygiene practices.

Disclaimer:
